Awahou School

Ngā kaitiaki o tō tātou wāhi - Guardians of our place

Tuesday 9th February 2021, Term 1 - Week 2

Beetle Trip

We had a fabulous time learning about and collecting these special beetles! The tradescantia (wandering dew) leaf beetle is native to south eastern Brazil and north eastern Argentina. This beetle has not been used as a biocontrol agent anywhere else in the world before! We had the pleasure of collecting the beetles and eggs from a breeding ground and then releasing them in a special spot in Totara Reserve. Horizons Regional Council have given us the important job of monitoring the beetles progress. We can't wait to get back there to see how they are doing next Friday!

Year 7 \$ 8 Technology

Just a reminder that the Year 7 & 8 students are heading to Technology at Feilding Intermediate on Monday. They need to wear covered shoes please.

Van pick ups and drop offs

Unfortunately due to funding issues I will not be able to offer daily pick-ups and drop-offs in the van. I will just be using the van for school trips. However, if you get stuck please let me know.

Whānav Fun Night

Goal Setting Meetings

Thanks to everyone who came along for our annual Whānau Fun Night! The children had a blast slipping'n'sliding, bouncing and swimming!

We have sent home a booking notice for Goal Setting meetings next week. Let us know a day and time frame that suits and we'll slot you in!

Awahov Author...

This week we have Edward Hawkins, age 7 years, as our Awahou Author. He is doing some awesome work on his vowel teams and making sure he writes his Heart Words correctly.

nguih dward Ffugnd a penguin on the ise and the penguin likerd me because I gave him fish. the end
